

NJ YOUTH LICENSE INFORMATION

Legislation signed by the former Governor Whitman which raised general hunting license fees also exempted youths under the age of 16 from certain license requirements, and created discount youth fees for deer, turkey and rifle permits.

The minimum age at which a fishing license and trout stamp are required has been raised to 16. Youths under 16 may fish without a license or trout stamp. All other regulations and bag limits apply.

Youth under the age of 16 may obtain a free archery, firearm hunting and trapping license provided they have taken the mandatory hunter/trapper education courses. All youths who have taken a hunter or trapper education course in New Jersey will receive the appropriate license in the mail. This license will be valid through December 31 of the year in which they turn 16. In the event a qualified youth does not receive a license through the mail, licenses will be available over-the-counter at regional Division offices and over-the-counter or via mail from the Trenton office.

Non-resident youths are also eligible for this program. Youth hunting permits will be available at regional Division offices or through the mail to non-resident youths who can demonstrate that they meet New Jersey hunter and trapper education requirements.

Until such time as a youth hunting license is obtained, hunters under the age of 16 may continue to hunt in New Jersey as long as they carry with them a previous issued New Jersey license or hunter education certificate for the appropriate season.

Pheasant/quail stamps will no longer be required for hunters under 16 while hunting on stocked Wildlife Management Areas.

Deer and turkey permits will be available at the reduced rate of \$12.00 for applicants under 16 years of age. Youth rifle permits will be available for \$10.00.
